

Membership Application

Wines and Steins is a club that was founded “to foster home wine & beer making and to learn to appreciate the finer points of beer and wine making and the art of tasting.”

Members are expected to subscribe to this credo and to participate in the activities and responsibilities of the club towards these ends. We are not a social club, but we do enjoy ourselves. We are not an equipment rental service; our members who meet certain requirements may borrow club equipment to make wine and/or beer.
